As an authorized accounting consultant I work primarily in roles as Finance Manager, Accounting Manager or Financial Controller. My experience is from a broad range of industries and the companies has varied from medium sized to large multinational organizations.

I am ambitious, effective as well as empathic in my work and utilizes a proactive approach to overcome hindrances. Consensus builder, encourages an open dialogue and engages my team members in consistently achieving results.

Example of assignments and experience

- Interim accountant with focus on enhancing the accounts payable process. The assignment also included accounting of mergers, implementation of new process to improve the month end and year-end closings
- Interim financial controller in an international media group including financial planning and budgeting as well as financial closing process
- Leading a project to document the payroll accounting process and payroll reconciliation within the Nordic entities
- ERP implementations

Education

- Authorized accounting consultant (FAR)
- Bachelor degree in finance, Umeå University
- Leadership and coaching skills, PwC
- Project management, Umeå University
- Cambridge Advanced Cert, Guildford College, UK
